

Hello, I'm **Dr. Christie Rodgers**

Dr. Christie Rodgers is an educator with 27 years of experience across public, private, and higher education settings. She holds a doctorate from Union University, where her research focused on augmented reality and reading motivation. Christie has served as a teacher, administrator, professor, and Director of Clinical Experiences, building innovative programs and partnerships. A published author and advocate for equitable, technology-enhanced learning, she is passionate about literacy, leadership, and supporting educators.
